## Independent Auditor's Report

Board of Directors  
Public Alliance for Community Energy  
Lincoln, Nebraska

### ***Opinion***

We have audited the financial statements of Public Alliance for Community Energy, as of and for the years ended March 31, 2026 and 2025, and the related notes to the financial statements, which collectively comprise Public Alliance for Community Energy's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of Public Alliance for Community Energy, as of March 31, 2026 and 2025, and the changes in financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of Public Alliance for Community Energy and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Public Alliance for Community Energy's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Public Alliance for Community Energy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Public Alliance for Community Energy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

The discussion and analysis on the following pages summarizes the financial highlights and focuses on factors that had a material effect on the financial condition of Public Alliance for Community Energy (ACE) and the results of operations for the years ended March 31, 2026, 2025 and 2024. This discussion should be read in conjunction with the accompanying financial highlights, the basic financial statements, and notes to the financial statements.

### ***Summary of the Financial Statements***

The financial statements, related notes to the financial statements and management's discussion and analysis provide information about ACE's financial position and activities.

**Management's Discussion and Analysis** – provides an objective and easily readable analysis of the financial activities of ACE based on currently known facts, decisions or conditions.

**Balance Sheets** – provide a summary of ACE's assets, liabilities and net position.

**Statements of Revenues, Expenses and Changes in Net Position** – present the operating results of ACE into various categories of operating revenues and expenses, and non-operating revenues and expenses.

**Statements of Cash Flows** – report the cash provided by and used in operating activities, as well as other cash sources such as investment return and cash payments for distribution to members and capital additions.

**Notes to the Financial Statements** – provide additional disclosures and information that is essential to a full understanding of the data provided in the statements.

### ***Financial Analysis***

The following comparative condensed financial information summarizes ACE's financial position and operating results for the years ended March 31, 2026, 2025 and 2024.

### **Condensed Balance Sheets and Financial Highlights**

	<b>March 31,</b>			<b>Change</b>	
	<b>2026</b>	<b>2025</b>	<b>2024</b>	<b>From 2025 to 2026</b>	<b>From 2024 to 2025</b>
Cash equivalents and investments	\$ 3,817,886	\$ 3,685,639	\$ 3,521,673	\$ 132,247	\$ 163,966
Accounts receivable	114,645	112,629	109,597	2,016	3,032
Prepaid expenses	4,411	32,562	32,834	(28,151)	(272)
Capital assets, net	14,309	23,801	14,157	(9,492)	9,644
<b>Total assets</b>	<b>\$ 3,951,251</b>	<b>\$ 3,854,631</b>	<b>\$ 3,678,261</b>	<b>\$ 96,620</b>	<b>\$ 176,370</b>
<b>Total current liabilities</b>	<b>\$ 19,456</b>	<b>\$ 67,416</b>	<b>\$ 56,070</b>	<b>\$ (47,960)</b>	<b>\$ 11,346</b>
Net investment in capital assets	14,309	23,801	14,157	(9,492)	9,644
Unrestricted	3,917,486	3,763,414	3,608,034	154,072	155,380
<b>Total net position</b>	<b>3,931,795</b>	<b>3,787,215</b>	<b>3,622,191</b>	<b>144,580</b>	<b>165,024</b>
<b>Total liabilities and net position</b>	<b>\$ 3,951,251</b>	<b>\$ 3,854,631</b>	<b>\$ 3,678,261</b>	<b>\$ 96,620</b>	<b>\$ 176,370</b>

Cash equivalents and investments increased in 2026 and 2025 due primarily to the net change in net position for each year. The net impact of the timing of collection of accounts receivable and payment of expenses also impacts the balances year to year.

Accounts receivable includes monthly marketing fees from ACE’s natural gas supplier and accrued interest on investments. Accrued interest receivable increased each year with the rise in interest rates.

In all years shown, prepaid expenses include payment for an annual subscription service. In 2025 and 2024, prepaid expenses also include the payments made for annual maintenance agreements that begin in April of each year.

Capital assets consist primarily of ACE’s software. The software improves ACE’s services to customers and expedites answers to customer questions during the annual selection period in the Nebraska Choice Gas Program. Capital assets decreased in 2026 as software enhancements were less than depreciation. Capital assets increased in 2025 as software enhancements were greater than depreciation.

Total current liabilities decreased in 2026 due to a change in the timing of when payment of amounts due to coalition members was made. The increase to total current liabilities in 2025 is due to the general rise in costs.

**Condensed Statements of Revenues, Expenses and Changes in Net Position and Financial Highlights**

	March 31,			Change	
				From 2025	From 2024
	2026	2025	2024	to 2026	to 2025
Operating revenues	\$ 1,050,000	\$ 1,050,000	\$ 1,050,000	\$ -	\$ -
Operating expenses	657,907	670,345	649,402	(12,438)	20,943
Operating income	<u>392,093</u>	<u>379,655</u>	<u>400,598</u>	<u>12,438</u>	<u>(20,943)</u>
Investment return	152,487	185,369	170,418	(32,882)	14,951
Income before distribution to members	<u>544,580</u>	<u>565,024</u>	<u>571,016</u>	<u>(20,444)</u>	<u>(5,992)</u>
Distribution to members	<u>(400,000)</u>	<u>(400,000)</u>	<u>(350,000)</u>	-	(50,000)
Increase in net position	<u>\$ 144,580</u>	<u>\$ 165,024</u>	<u>\$ 221,016</u>	<u>\$ (20,444)</u>	<u>\$ (55,992)</u>

Operating revenues consist of marketing fees paid to ACE. Fees are fixed through May 2027.

Operating expenses have been increasing due to a general rise in costs. Administrative and general expenses temporarily decreased in 2026 due to a one-time reduction in costs for administrative services provided by coalition members.

Fluctuations in investment return result from changes in the interest rate environment.

The distribution to members is at the discretion and approval of ACE’s Board of Directors. The distribution was approved in January of each fiscal year.

### General Trends and Significant Events

Since forming in 1998, ACE has distributed more than \$4.7 million to its Nebraska members. Each ACE member community determines how to best use the funds the community receives. ACE’s Board of Directors authorized distributions to members in January of each fiscal year.

	March 31,		
	2026	2025	2024
Distribution to members	\$ 400,000	\$ 400,000	\$ 350,000

The Nebraska Choice Gas Program administered by Black Hills Energy (the “Program Administrator”) includes a Program Year which runs June 1 to May 31. Customers have the opportunity to choose a natural gas supplier for each Program Year. Selections are made prior to each Program Year during the designated selection period. The selection period occurs over multiple weeks each April. ACE utilizes targeted advertising campaigns, a marketing partnership with ACE member communities, and natural gas pricing offered by ACE’s natural gas supplier to compete for customer accounts.

ACE is the only natural gas supplier that has participated in the Nebraska Choice Gas Program every year since its inception in 1998. While having multiple natural gas suppliers in the Nebraska Choice Gas Program helps achieve ACE’s goal of fostering competition amongst natural gas suppliers resulting in competitive natural gas prices during the annual selection period, that achievement has the potential to have a negative effect on the number of customer accounts selecting ACE.

The competitiveness of the pricing offered by ACE’s natural gas supplier when competing for customer accounts has a significant impact on the number of accounts that choose ACE. ACE closely monitors the pricing offered by its natural gas supplier and works collaboratively to adjust when possible.

Program Year	ACE Accounts	Total Customers	ACE % of Total Customers	# of Suppliers
2025-2026	11,100	80,700	14%	8
2024-2025	11,900	80,600	15%	8
2023-2024	12,800	80,400	16%	7

Payments by ACE customers in the Nebraska Choice Gas Program are collected by the Program Administrator and deposited directly into an account owned by ACE’s natural gas supplier. Since ACE is only acting as agent, the volumes and payments from customers selecting ACE are not reflected as revenue or expense in the statements of revenues, expenses and changes in net position.

	March 31,		
	2026	2025	2024
Customer volumes (MMBtu)	1,149,530	1,423,324	1,479,974
Customer payments	\$ 10,005,459	\$ 11,243,666	\$ 11,419,641

### ***Risk Management Practices***

ACE's revenues are not dependent on ACE's results in the Nebraska Choice Gas Program. Under the natural gas supply agreement with ACE's natural gas supplier, the natural gas supplier pays ACE a fixed monthly marketing fee to promote the selection of ACE to customers participating in the Nebraska Choice Gas Program.

All natural gas price risk related to customers selecting ACE, including the risk related to offering guaranteed fixed pricing to customers, is born entirely by ACE's natural gas supplier.

### ***Report Purpose and Contact Information***

This financial report is designed to provide member communities and counterparties with a general overview of ACE's financial status for the fiscal years 2026, 2025 and 2024. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Director of Finance and Accounting at 8377 Glynoaks Dr., Lincoln, Nebraska 68516.

# Public Alliance for Community Energy

## Notes to Financial Statements

March 31, 2026 and 2025

### **Note 1: Nature of Operations and Summary of Significant Accounting Policies**

#### ***Nature of Operations***

Public Alliance for Community Energy (“ACE” or “Agency”) was established under provisions of the Interlocal Cooperation Act of Nebraska (Act) for the purpose of providing local governments the opportunity to cooperate with other localities to obtain a mutual advantage in supplying natural gas and competing for end-use residential and commercial customers who are located in Nebraska.

ACE’s primary activity relates to participation in the Nebraska Choice Gas Program sponsored by Black Hills Energy. ACE provides Nebraska municipalities (collectively in a supplier group) the opportunity to become the natural gas supplier to residential and commercial customers.

#### ***Reporting Entity***

In evaluating how to define the Agency, for financial reporting purposes, management has considered all potential component units for which financial accountability may exist. The determination of financial accountability includes consideration of a number of criteria, including: (1) the Agency’s ability to appoint a voting majority of another entity’s governing body and to impose its will on that entity, (2) the potential for that entity to provide specific financial benefits to or impose specific financial burdens on the Agency and (3) the entity’s fiscal dependency on the Agency.

ACE, Nebraska Municipal Power Pool (NMPP), Municipal Energy Agency of Nebraska (MEAN) and National Public Gas Agency (NPGA), comprise a coalition referred to by the trade name NMPP Energy. This coalition of entities provides energy-related services to communities while sharing facilities and management personnel. None of the organizations included in NMPP Energy are responsible for the obligations, liabilities or debts of any of the other organizations in the coalition. Based upon the above criteria, none of the organizations are considered component units of any of the other associated organizations.

#### ***Basis of Accounting and Presentation***

ACE’s activities are accounted for using the economic resources measurement focus and the accrual basis of accounting. ACE’s accounting records are maintained in accordance with accounting principles generally accepted in the United States of America for regulated utilities and generally follow the Uniform System of Accounts for Public Utilities and Licenses prescribed by the Federal Energy Regulatory Commission (FERC). ACE prepares its financial statements as a business-type activity in conformity with applicable pronouncements of the Governmental Accounting Standards Board (GASB).

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses and other changes in net position during the reporting period. Actual results may differ from those estimates.

#### ***Cash Equivalents***

ACE considers all highly liquid investments with an original maturity of three months or less at the date of purchase to be cash equivalents. At March 31, 2026 and March 31, 2025, cash equivalents consisted of a money market mutual fund.

# Public Alliance for Community Energy

## Notes to Financial Statements

March 31, 2026 and 2025

### ***Investments and Investment Return***

Investments in money market mutual funds are carried at cost, which approximates fair value. Investments in United States of America (U.S.) agency obligations and negotiable certificates of deposit are carried at fair value. Fair value is determined using quoted market prices. Investment return consists of interest income and the net change for the year in the fair value of investments.

### ***Accounts Receivable***

Accounts receivable are stated at the amount billed to ACE's natural gas supplier under the terms of the natural gas supply agreement. At March 31, 2026 and 2025, accounts receivable consisted primarily of amounts due from ACE's natural gas supplier for the contractual marketing fee. Accounts receivable are ordinarily due 30 days after the issuance of the invoice. Accounts past due more than 120 days are considered delinquent. Delinquent receivables are charged off as they are deemed uncollectible. ACE does not believe an allowance for doubtful accounts is necessary at March 31, 2026 and 2025, as there were no delinquent accounts.

### ***Capital Assets***

Capital assets are recorded at cost at the date of acquisition. Depreciation is computed using the straight-line method over the estimated useful life of each asset. The following estimated useful lives are being used by ACE:

Software	3 Years
Furniture and equipment	3 – 5 Years

### ***Net Position Classification***

Net position is required to be classified into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

*Net investment in capital assets* - consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. There are no outstanding balances of borrowings attributable to capital assets at March 31, 2026 and 2025.

*Restricted* - consists of restricted assets, reduced by liabilities related to those assets, with constraints placed on their use either by a) external groups such as creditors (such as through debt covenants), contributors, or laws or regulations of other governments or b) law through constitutional provisions or enabling legislation. There are no components of net position at March 31, 2026 and 2025 that meet the restricted definition.

*Unrestricted* - consists of the assets and liabilities that are not included in the net investment in capital assets or restricted components of net position.

### ***Classification of Revenues***

Operating revenues include marketing fees from ACE's natural gas supplier. Nonoperating revenues include those derived from capital and related financing, non-capital financing and investing activities.

# Public Alliance for Community Energy

## Notes to Financial Statements

March 31, 2026 and 2025

### ***Distribution to Members***

The Board of Directors approved a \$400,000 distribution to members in January 2026 and January 2025. The distribution was paid to members in February 2026 and February 2025, respectively.

### ***Income Taxes***

In accordance with certain provisions of the Internal Revenue Code and the Act and related governing laws and regulations, ACE, as a local governmental entity, is exempt from federal and state income taxes.

### **Note 2: Deposits, Investments and Investment Return**

#### ***Deposits***

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. ACE's deposit policy for custodial credit risk requires compliance with the provisions of state law. State statutes require banks either to give bond or to pledge government securities to ACE in the amount of ACE's deposits. The Federal Deposit Insurance Corporation (FDIC) insures transaction accounts for government deposits up to \$250,000 per official custodian at each covered institution. ACE did not have deposits at March 31, 2025 and 2026.

#### ***Investments***

ACE's investing is performed in accordance with the investment policy adopted by its Board of Directors and applicable laws of the State of Nebraska. Approved investments are outlined in the investment policy and include bills, notes, bonds or other obligations which as to principal and interest constitute direct obligations of the United States of America (U.S.), municipal bonds, bonds or other obligations which as to principal and interest are guaranteed by the U.S., certain senior obligations issued or guaranteed by noted federal organizations, commercial paper, certificates of deposit and time deposits of any U.S. depository institution or trust company, and certain money market mutual fund accounts. Should investment opportunities arise, that are not listed in the investment policy, investment consent is required through the approval of at least two of the following: Chair of the Board of Directors, Secretary-Treasurer of the Board of Directors or ACE Executive Director.

# Public Alliance for Community Energy

## Notes to Financial Statements

March 31, 2026 and 2025

At March 31, 2026 and 2025, ACE had the following investments, maturities, and credit ratings:

	Carrying Value	Maturities in Years		Credit Rating Moody's/S&P
		Less Than 1	1 - 5	
<b>March 31, 2026</b>				
Money market mutual fund				
- U.S. government obligations	\$ 1,119,013	\$ 1,119,013	\$ -	Aaa-mf/AAAm
U.S. agency obligations	100,317	100,317	-	Aa1/AA+
Negotiable certificates of deposit	2,598,556	1,101,225	1,497,331	Not rated
	<u>\$ 3,817,886</u>	<u>\$ 2,320,555</u>	<u>\$ 1,497,331</u>	
<b>March 31, 2025</b>				
Money market mutual fund				
- U.S. government obligations	\$ 1,279,541	\$ 1,279,541	\$ -	Aaa-mf/AAAm
U.S. agency obligations	100,354	-	100,354	Aaa/AA+
Negotiable certificates of deposit	2,305,744	1,203,408	1,102,336	Not rated
	<u>\$ 3,685,639</u>	<u>\$ 2,482,949</u>	<u>\$ 1,202,690</u>	

**Interest Rate Risk** - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. ACE's investment policy does not place a limit on the amount that may be invested in any one maturity category. ACE's investment policy limits the investment term to a maximum of two years. The money market mutual funds are presented as an investment with a maturity of less than one year because they are redeemable in full immediately.

**Credit Risk** - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. ACE's investment policy establishes requirements for certain investment securities or issuers of securities to be rated at certain rates or higher. The following investment types must be rated at the minimum rates noted below:

Commercial paper	A-1, P-1
Municipal bonds	AA -

**Custodial Credit Risk** - For an investment, custodial credit risk is the risk that, in the event of a failure of the counterparty, ACE would not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. All investments are held in safekeeping in ACE's name, in a broker account with ACE's primary financial institution.

**Concentration of Credit Risk** - Concentration of credit risk is the risk associated with the amount of investments ACE has with any one issuer that exceeds 5% or more of its total investments. Investments issued or explicitly guaranteed by the U.S. government are excluded from this requirement. As of March 31, 2026 and 2025, each of ACE's investments in negotiable certificates of deposit were covered by FDIC insurance, as the individual investments did not exceed \$250,000, and were therefore also excluded from this requirement. ACE's investment policy limits the amount of its investment portfolio that may be invested in any one issuer, other than U.S. government securities, to \$500,000.

## Notes to Financial Statements

March 31, 2026 and 2025

### **Summary of Carrying Values**

The carrying value of ACE's investments at March 31, 2026 and 2025 are \$3,817,886 and \$3,685,639, respectively.

ACE's investments are included in the following balance sheet captions:

	<u>2026</u>	<u>2025</u>
Cash equivalents	\$1,119,013	\$1,279,541
Short-term investments	1,201,542	1,203,408
Long-term investments	<u>1,497,331</u>	<u>1,202,690</u>
	<u>\$3,817,886</u>	<u>\$3,685,639</u>

### **Investment Return**

Investment return for the years ended March 31, 2026 and 2025, consisted of interest income and the net change in fair value of investments carried at fair value of \$152,487 and \$185,369, respectively.

### **Disclosures About Fair Value of Assets and Liabilities**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Money market mutual funds are carried at cost, and thus not included within the fair value hierarchy. ACE's investments in U.S. agency obligations and negotiable certificates of deposit are measured at fair value on a recurring basis and are classified within Level 2 of the fair value hierarchy at March 31, 2026 and 2025.

March 31, 2026 and 2025

### Note 3: Capital Assets

Capital asset activity for the years ended March 31, 2026 and 2025 was:

	<b>2026</b>		
	<b>Beginning Balance</b>	<b>Additions</b>	<b>Ending Balance</b>
Software	\$ 573,397	\$ -	\$ 573,397
Furniture and equipment	4,932	-	4,932
	<u>578,329</u>	<u>-</u>	<u>578,329</u>
Less accumulated depreciation	554,528	9,492	564,020
Net capital assets	<u>\$ 23,801</u>	<u>\$ (9,492)</u>	<u>\$ 14,309</u>
	<b>2025</b>		
	<b>Beginning Balance</b>	<b>Additions</b>	<b>Ending Balance</b>
Software	\$ 557,631	\$ 15,766	\$ 573,397
Furniture and equipment	4,932	-	4,932
	<u>562,563</u>	<u>15,766</u>	<u>578,329</u>
Less accumulated depreciation	548,406	6,122	554,528
Net capital assets	<u>\$ 14,157</u>	<u>\$ 9,644</u>	<u>\$ 23,801</u>

### Note 4: Transactions with Coalition Members

ACE, NMPP, MEAN, and NPGA through common members and management comprise a coalition. ACE shares personnel and facilities within this coalition, as well as enters into agreements for certain products and services.

ACE incurred expenses of approximately \$500,000 and \$510,000 annually for administrative services and rents provided by coalition members during 2026 and 2025, respectively.

A summary of amounts due to coalition members at March 31, 2026 and 2025, is as follows:

	<u>2026</u>	<u>2025</u>
Due to MEAN	\$ 7,097	\$ 21,899
Due to NMPP	<u>997</u>	<u>34,537</u>
Due to coalition members	<u>\$ 8,094</u>	<u>\$ 56,436</u>

## Notes to Financial Statements

March 31, 2026 and 2025

### **Note 5: Natural Gas Purchase and Supply Agreements**

Under the natural gas supply agreement with ACE's natural gas supplier, ACE receives a fixed monthly fee to promote the selection of ACE to customers participating in the Nebraska Choice Gas Program. The marketing fee is fixed through May 31, 2027, which is the initial term of the agreement. The agreement provides for additional one year terms unless written notice is given by either party in accordance with the notice provisions of the agreement.

The agreement includes provisions for ACE to pay for certain mutually agreed upon amounts to third parties for referrals and promotion of ACE in the Nebraska Choice Gas Program, on behalf of and for the benefit of the natural gas supplier. Under the terms of the agreement, the natural gas supplier reimbursed ACE for these payments, and thus these amounts are not reflected as revenue or expense in the statements of revenues, expenses and changes in net position. The payments reimbursed totaled approximately \$10,000 during both 2026 and 2025.

### **Note 6: Risk Management**

ACE is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees and others; and natural disasters. ACE is named as one of the insureds on joint policies for commercial insurance, subject to certain limits and deductibles, to reduce the financial impact for claims arising from such matters. None of the claims submitted against this commercial coverage in any of the three preceding years were specific to or material to ACE. All such claims were submitted for losses incurred in the normal course of business.
